

Control Statement

Date: 28th Feb 2024

```
package Control_Statement;

public class example1_if
{
    public static void main(String[] args)
    {

        int marks=35;

        // 35 >=35
        if(marks>=35)
        {
            System.out.println("Pass");
        }

        //      if(marks>34)
        //      {
        //          System.out.println("Pass");
        //      }

        //      if(condition)
        //      {
        //          //if body
        //      }

    }
}
```

```

package Control_Statement;

public class example2_if_else
{
    public static void main(String[] args)
    {
        int marks=34;

        // 34>=35
        if(marks>=35)
        {
            System.out.println("Pass");
        }
        else
        {
            System.out.println("Fail");
        }

        //      if(condition)
        //      {
        //          if condition is true
        //      }
        //      else
        //      {
        //          if condition is false
        //      }

    }
}

```

```

package Control_Statement;

public class example2_if_else2
{
    public static void main(String[] args)
    {
        int shopingAmount=1200;

        // 1200 >=1000
        if(shopingAmount>=1000)
        {
            System.out.println("10% discount");
        }
        else
        {
            System.out.println("No discount");
        }
    }
}

```
